

CONFERENCES

2023

Budapest LNG Summit

3 April 2023 - Hotel Marriott Budapest

4. EDITION

The conference is focusing on the up and coming LNG region of Central & Eastern Europe, connecting regional demand with the international supply chain. The Budapest LNG Summit is a well-established meeting point of major stakeholders of the regional and global LNG and gas market to discuss the key LNG-related developments in the region and beyond.

Budapest Hydrogen Summit

4 April 2023 - Hotel Marriott Budapest

2. EDITION

The Budapest Hydrogen Summit focuses on the opportunities and challenges in harnessing the full power of hydrogen and to find out how this fuel could contribute to a carbon-free future. The goal of the conference is to encourage cross-sector dialogue and knowledge-share to ensure the rapid scale-up and delivery of the hydrogen economy.

Budapest Geothermal Energy Summit

5 June 2023 - Hotel Marriott Budapest

1. EDITION

In view of our carbon neutrality goal by 2050, geothermal energy stands to play an important part. The Budapest Geothermal Summit is focusing on developing the market for geothermal energy solutions in Hungary and the region, presenting the potentials of the technology and how it can help us to deliver clean energy.

Budapest Climate Summit

4 December 2023 - Hotel Marriott Budapest

4. EDITION

The Budapest Climate Summit brings together policymakers, industry experts, corporate leaders, technology pioneers and next-generation sustainable leaders to share their perspectives on how to enable businesses and civil society to deliver actions necessary to achieve our common climate objectives.
